PRESENT APPOINTMENTS:

Director of Orthopaedic Surgery (Commenced 1/03/03)

Mater Adult Health Services, Brisbane

Visting Medical Officer

Mater Private Hospital, Brisbane

Honorary Senior Lecturer

University of Queensland

CLINICAL EXPERIENCE:

House officer + Senior House Officer:

General Medicine/Medical Oncology/Dermatology

General Surgery/Vascular Surgery/Urological Surgery/Cardiothoracic Surgery

Accident & Emergency/Neurosurgery/Plastic & Reconstructive Surgery

ORTHOPAEDICS:

SHO experience: I spent 12 months doing Orthopaedics as an SHO. This included a period at the Bristol Royal Infirmary doing mainly trauma and 6 months at the RNOH doing Paediatric Orthopaedics.

Career Orthopaedic Registrar Rotation - Leeds/Harrogate/York (01/04/92- 31/03/94)

Senior Registrar Rotation - Leeds/Bradford/Hull (01/04/94- 31/10/97)

My appointment as **Bone & Cartilage Transplantation Fellow** provided me with advanced training in lower limb primary joint replacement and also in revision joint surgery particularly with respect to the use of bone allograft. This included procedures where anatomic specific

osteoprosthetic composite allograft was used. In addition I learnt the intimate details on the running of a Bone Bank from retrieval of bone through to processing, storage and dispatch. The retrieval of bone involved live surgical (femoral heads), cadaveric and multi-organ donors.

My appointment at the Royal Liverpool University Hospital was as a Consultant in Trauma & Orthopaedic Surgery with emphasis on Primary & Revision Lower Limb Arthroplasty. I, in addition, managed complex trauma of the lower limb taking tertiary referrals when requested. In my appointment at University Hospital Aintree I continued to follow this practice.

I also have more than 12 years experience in Medicolegal work both in Workcover/Personal Injury and Medical Negligence cases preparing more than 400 reports/year.

Within Mater Health Services I treat both public and private patients specialising in lower limb joint replacement and revision. I in addition do a 1 in 6 trauma on call roster taking both adult and children's trauma.

TEACHING/EXAMINING:

As a Consultant in a Teaching Hospital I have a commitment to teaching from Undergraduate to Postgraduate levels. This I do in the form of tutorials and bedside/theatre teaching and more formal lectures.

I was before coming to Australia an active member of the UK AO faculty and have transferred to the Australian AO Faculty. I have used this experience to run a basic trauma course for nurses in July 2004, 2005 & 2007 at the Mater Hospital. I am a regular contributor to National & International AO courses.

I have before coming to Australia examined undergraduates in MB BS exams + postgraduates for the M.Ch (Orth) exam. I currently an examiner of medical students for the University of Queensland.

I teach and direct on the ASSET course run by the Royal Australasian College of Surgeons

Invited Faculty for following meetings:
